

At the hairdresser's

Aluminum is always a useful aid in the hairdressing trade thanks to its heat resistance and the fact that it is physiologically neutral. Our broad line of foils used in hair fashion – in blue, gold, green, red and silver – provides ideal support for the stylist's creativity. Whether in the large-sized roll in a twin pack or a short roll in the individual carton. Always up to date!

Hairstyling foils / Highlight foils

Thickness (µm)	Version	Width (cm)	Length (m)	Carton contents
